# Hammayoun Safi

32 rue Egar Quinet 92240 Malakoff, France +33 7 66 66 62 33 hmmshl@gmail.com

## Junior Web developer

## **EDUCATION**

2012-2015(Pakistan): High school diploma from Milat school

2015-2019(Sweden): Learned Swedish and web development at Balder high school

**2019-2020(France)**: Preparation for Delf B1 (French language studies diploma) and Web development at Konexio Digistart.

## **EMPLOYMENT HISTORY**

**2013 - 2015(Afghanistan/Pakistan):** Seller with an artisanal honey producer (international distribution)

2016 - 2018(Sweden): Tourist guide in Älvkungen Tourist boat: reception of tourist groups, guide and piloting of the boat.

2019 - 2020(France): Volunteer interpreter at the Scarabée association.

**December 2019 - Now:** Junior developer for Blackbird (Jam)

<u>Jam</u> is a Parisian startup innovating in the conversational media, connecting the young generations with companies willing to understand them. My role was to design and develop new features in the multi-bot data restitution system and the redaction tool for the chatbot content writers.

Here is a <u>letter</u> of recommendation from Valentin Shamsnejad, the CTO of Jam.

#### What I learned:

- APIs, MVC, Scrum, Tests, CI/CD
- Programming languages: Javascript, Ruby, Bash
- Other dev tools : Git, Github, Heroku, Linux
- Database : PostgreSQL
- Frameworks : VueJS, Ruby on Rails, Bootstrap

#### Achievements as a Junior Developer:

- Designed Client management system for <u>trends.hellojam.fr</u>
- Implemented several features in the data restitution system, to better manage the insights we create for the business
- Built an API and create an interface for the referral message in redaction tool for the chatbot

## SKILLS

### Languages:

- Pashto (native)
- French (b1)
- English (b1)

- Persian/Dari
- Urdu/Hindi

## **INTERESTS**

#### My Projects:

- Built <u>quote api</u> which has more than 59K quotes.
- Built a quote game with help of my quote api.

Books I have read : Clean code, Scrum & XP, Ruby Notes For Professionals, POODR (Practical Object-Oriented Design in Ruby)

#### **Hobbies:**

 Codewar, chess, running, hiking, snowboarding movies, series and online games
